

# Prescription Drug Take-Back Day

*Time to clean out your medicine cabinet!*

Protect our kids, families and environment by properly disposing of your unwanted and expired medicines. Medicines in the home are a leading cause of accidental poisoning and flushed or trashed medicines can end up polluting our waters. Rates of prescription drug abuse are alarmingly high - over half of teens abusing medicines get them from a family member or friend, including the home medicine cabinet, and often without their knowledge.
